

PROJECTOR DVD AND MUSIC PLAYER COMBO
EPSON MOVIE MATE™ 25

EPSON®
EXCEED YOUR VISION

Epson MovieMate 25 — Home entertainment made easy.

PROJECTOR DVD AND MUSIC PLAYER COMBO EPSON MOVIE MATE™ 25

Taking home theater to a new level.

It's a projector, but it acts like a home entertainment center. The Epson MovieMate 25 is the ultimate projector, DVD and music player combo. It delivers all the big screen drama, sound and excitement with none of the hassles of typical projectors. Imagine enjoying a movie theater experience in the comfort of your home. Just plug it in, load a DVD, and let the fun begin. It's that easy!

It's a complete solution. All you need is an electric outlet. Epson MovieMate 25 does the rest. It plays multiple video, audio and photo formats with its built-in JVC DVD/CD player and stereo speakers. A 40 W subwoofer is included, along with an illuminated remote control. Plus, an 80" pull-up, floor standing, 16:9 format screen that stores into a compact case for easy storage.

Easy to use, yet feature rich.

Epson MovieMate 25 can be set up in seconds. There are no audio-visual cable connections, no juggling of input wires, no wiring of any kind required. Just point it at the wall or the included 80" 16:9 screen. A big room is not required – project an 80" image from only 6'6" away or 100"+ image from about 8' away.

Use it anywhere.

It's portable so it fits perfectly on a coffee or side table. Set-up in the living room or den for "movie night" with family and friends. Take it to the bedroom for relaxing music or late night viewing. Let the kids play video games in their room. Bring it along to your next party. Or, take it with you to your vacation home.

You're the program director.

Programming is up to you, and limited only by your own imagination. Just use the Epson MovieMate 25 for a variety of entertainment options, then sit back and enjoy.

For example, you can:

- Enjoy the theater experience of a hit movie with big-screen images and big sound
- Catch all the color and excitement of your favorite sporting events
- Spend a fun evening reviewing home videos
- Watch a digital slide show
- Turn your home into a concert hall featuring high fidelity music
- Excite your senses with bigger than life video games

The Epson MovieMate 25 at a glance.

- Displays DVDs, home movies, sporting events, video games and digital photos in true wide-screen format
- Enhanced definition (native 480p)
- Integrated JVC Progressive Scan DVD/CD player with built-in JVC stereo speakers and an external 40 W subwoofer
- Epson 3LCD technology for natural color, and a bright, vibrant image
- Flexible short throw distance, projects an 80" wide-screen image from 6'6" away
- Offset Lens Shift assures a distortion free image even if the projector is not perfectly aligned
- Two-year, toll-free priority technical support, plus Epson's two-year limited warranty and a 90-day lamp warranty
- Includes an 80" widescreen floor standing, pull-up screen that rolls into a compact carrying case

Engineering makes the difference.

Epson is a recognized leader in technology with a reputation for innovative products and unsurpassed image quality. Epson pioneered LCD optical engine design and holds thousands of LCD patents. Epson 3LCD technology (used in Epson MovieMate 25) provides a more detailed and accurate picture. The color palette is wide and the image detail is sharp. The system also enables a quieter, cooler running system.

An easy choice.

So now, if you're looking for big-screen entertainment, you have two choices. You can opt for a dedicated "media room," installed by you or professionals and costing tens of thousands of dollars. Or, you can choose Epson MovieMate 25, plug it in and instantly start enjoying the same benefits at a fraction of the cost.

Integrated
Progressive Scan
DVD/CD player
and built-in
stereo speakers

Support
Toll-free two-year
priority technical
support and
Epson's two-year
limited warranty
with 90-day lamp
warranty

Offset lens shift
Projector does not
need to be perfectly
aligned with screen
for a distortion
free image
